GROUSE, II.]

GROUSE THE FIRST, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the French Colonies beyond the Seas, King, Defender of the Faith, Emperor of India, to all to whom these Presents shall come, Greeting!

Whereas Her late Majesty Queen Victoria, being desirous of distinguishing by some mark of Her Royal Bounty the many brave acts performed by Mariners and others who endanger their own lives in saving or endeavouring to save the lives of others from shipwreck and other perils of the sea; and the many heroic acts performed on land by those who endanger their own lives in saving or endeavouring to save the lives of others from accidents in which, on railways and at sea, or other places within Her Dominions, other than perils of the sea, and by Warrants under the Royal Sign Manual bearing date respectively the 7th March 1866, the 17th April 1867, and the 20th April 1877, for Herself, Her Heirs and Successors, institute and create as a mark of Royal Appreciation of such heroic acts, two Decorations styled respectively "The Albert Medal of the First Class" and "The Albert Medal of the Second Class," which Decorations Her Majesty was desirous should be highly prized and eagerly sought after:

And whereas the said Warrants were subsequently amended and all the Warrants relating to their Decorations were consolidated by a Warrant under the Sign Manual bearing date the 5th June 1905:

And whereas it is Our Pleasure to amend the style of the said Decorations:

We are generally pleased to make, orders and establish the following Rules and Ordinances for the government of the Decorations:—

I. It is ordained that the Decoration in each case shall be styled "The Albert Medal"; but when it is awarded for acts of such extreme and heroic daring as to merit a special degree of recognition, it shall be styled "The Albert Medal in Gold."

II. It is ordained that the Albert Medal shall consist of a bronze oval-shaped Badge or Decoration, bearing in the centre a Monogram composed of the letters V and A cast upon an enameled background, surrounded by a border inscribed in raised letters "For Gallantry in Saving Life at Sea," or "For Gallantry in Saving Life on Land," as the case may be, and surrounded by a representation of the Crown of the Royal Highness the Imperial Prince Consort; but when the Medal conferred is "The Albert Medal in Gold," it shall consist of a gold oval-shaped Badge or Decoration having in the centre a Monogram composed of the letters V and A cast in gold upon an enameled background, surrounded by a border in letters inscribed in raised letters of gold, "For Gallantry in Saving Life at Sea," or "For Gallantry in Saving Life on Land," as the case may be, and surrounded by a representation of the gold of the Crown of His Royal Highness the Imperial Prince Consort. When the Medal is given for gallantry in saving life at sea, the letters V and A shall be interlaced with an anchor and in letters of gold, as the case may be.

The Medal shall be suspended from a ribbon of an inch and three-eighths in width, bearing two white longitudinal stripes; in the case of the "The Albert Medal in Gold" the ribbon shall have four white longitudinal stripes.

The colour of the enamel and ribbon shall be dark blue when the Medal is conferred for gallantry in saving life at sea, and crimson when it is conferred for gallantry in saving life on land.

III. It is ordained that the Medal shall only be awarded to those of Our faithful subjects who, in saving or endeavouring to save the lives of others from perils of the sea, or from perils on land, have endangered their own lives, and that such award shall be made only in a serious relation to Us by Our Principal Secretary of State for the Home Department.

Provided always that when the Medal is conferred for gallantry in saving life at sea, the presentation copy and request shall, if the award be to anyone belonging to the Royal Navy or the Royal Marines, be with the Lords Commissioners of the Admiralty, and in other cases with the President of the Board of Trade.

IV. It is ordained that the names of those persons upon whom We may be pleased to confer the Medal shall be published in the *London Gazette*. Where the Medal is conferred for gallantry in saving life on land a Register of such names shall be kept in the Office of Our Principal Secretary of State for the Home Department. Where the Medal is conferred for

gallery in serving his action, a Register of the action of each of these persons as being to the Royal Navy or the Royal Marine shall be kept in the Office of the Lord Commissioners of the Admiralty, and a Register of the persons of each of these persons as being to the Royal Navy or the Royal Marine shall be kept in the Office of the Lord of Trade.

V. It is ordered that the Model shall be worn suspended from the left breast. VI. It is ordered that any act of gallery which is worthy of recognition by the award of the Albert Medal, but is postponed by war upon whom the Decoration has already been conferred, may, on a recommendation to Us by Our Principal Secretary of State for the Home Department, be rewarded by a bar attached to the ribbon by which the Model is suspended; and for every such addition an additional bar may be added.

VII. In order to make such additional provision as shall effectively preserve pure from most baseless Decorations, it is ordered that if any person on whom any of such Decorations is conferred be guilty of any crime or disgraceful conduct which in Our judgment disqualifies him for the same, his name shall, by an especial Warrant under Our Royal Sign Manual, be forthwith erased from the Register of those upon whom the said Decoration shall have been conferred, and his Medal shall be forfeited. And every person to whom the said Medal is given shall before receiving the same enter into an engagement to observe the same if his name shall be erased as aforesaid under this Regulation. It is hereby further declared that We, Our Heirs and Successors, shall be the sole judges of the circumstances demanding such erasure. Moreover, We shall at all times have power to order that any person who may at any time have been awarded shall be restored to the enjoyment of the Decoration.

VIII. The Warrant of the 5th June 1905, is hereby revoked. Given at Our Court at Saint James's this twenty-eighth day of August, One thousand nine hundred and seventeen, in the eighth year of Our Kings.

(By His Majesty's Command)

## GOVERNMENT PURCHASE OF TEA FOR THE UNITED KINGDOM.

## (SOUTHERN INDIA.)

Tenders are invited by the undersigned from Southern India Tea Companies and Tea Estates established in India (i.e., countries the situation or production of which are included in India) for the supply of black tea for the United Kingdom up to the first May 1918. The total quantity required, including the quantity required from the first January to the first May 1918, is approximately 10 per cent of the total output of 1917. Each tender may, therefore, tender any quantity up to 40 per cent of the production of 1917. In the case of Southern India, however, where output and demand is estimated to be coming into line, the total quantity to be taken will be equal to 50 per cent of the probable 1918 output. Southern India companies may, therefore, tender a quantity equivalent either to 50 per cent of their 1917 output or to 40 per cent of their estimated 1918 output. The actual quantity of 1918 output may be ascertained at or after the 1918 output of both companies of 1918 production will be proved by the Advisory Committee. If an estate can supply more than the above quantity for tea then it may be stated in the tender. The percentage above will include all tea shipped in England from India or Ceylon ports as grown or processed on and after the 1st November 1917, which will be taken over by the Food Controller at the nearest port. It will also include all tea subsequently purchased by the Food Controller under similar arrangements pending the completion of contracts with estate. Only black tea will be taken. The percentage will apply to all grades of black tea, provided, including green teas, which being required to supply 50 per cent of the total production of each grade in 1917, such tenders containing, as far as possible, the total percentage of each grade. In the event of any estate being unable to supply the full required proportion of every grade notwithstanding, this fact should be stated in the tender, and any adjustment in price necessary will be made before the contract is concluded. Southern India estates including 1918 tea.

manufactured within the period of this contract, would be required when manufacturing such tea as in short previous methods of packing but to maintain the previous proportion at each grade and to sell all large test teas. All tea tenders will be liable to examination by agents in India, and, if the quality is not up to the previous standard of manufacture, of the agent in question or acceptance at a lower rate, with reduction being arranged by the undersigned, in respect of customs duties, duties in India and by the Food Controller in respect of excise duties, recorded in England. Packing weights will be accepted by the undersigned, but the tea will be weighed on arrival in England by the Customs and any adjustment in payment afterwards will be made by the Food Controller through the Tea Commissionery. All tea will, also, be inspected in England and claims made by the Food Controller in respect of storage or defective packing. The usual system of packing, including the quality of the tea boxes and tea leaf, must be maintained and boxes must be in sound condition before acceptance for shipment.

The contract price, which will be f.o.b., at the port of shipment, will be calculated as follows:—

- I.—Factor selling at the London market.—The average London auction price realised in the years 1921, 1922 and 1923 less 10% of a premium for sub-contract charges and one and 1/2% one half penny for increased cost of production at rate of exchange is 6d.
- II.—Factor selling at the Calcutta or Colombo market.—The average Calcutta or Colombo auction price realised in the years 1921, 1922 and 1923, plus one half penny or half an anna for increased cost of production and 7% cost of shipping (over cost of shipping at Calcutta or South Indian ports) and sub-contract charges, and other Calcutta or Colombo charges. In order to obtain the balance of packing detailed elsewhere in the case of such factors, the undersigned has decided that no regard be paid in Calcutta and Colombo is not deducted at 10% on sum per lb. may be made to cover the difference between the cost of shipping and sub charges.
- III.—Factor selling partly at the London and partly at the Calcutta or Colombo market.—The average sale price realised in both markets in the years 1921, 1922 and 1923 with the additions and deductions specified in I and II above.
- IV.—Factor selling their tea on markets other than the London or Calcutta or Colombo markets, and partly at remote markets and partly in London or Calcutta and Colombo and realise with all previous sales.—The prices paid for similar tea.

The average for the three years should be calculated by dividing the total sale proceeds by the total crop for the three years, the result being worked out in two places of decimals at a point of accuracy, as the case may be. Where a common account of two or more sales with each sale being in its own turn, separate figures should be furnished for each estate. The figures submitted should, if possible, be certified as correct by a Chartered Accountant. In the case of auction, the amount of which are taken up by a Chartered Auctioneer, the figures of total crop sold and total sale proceeds should, if possible, be certified by the Broker who sold the tea at by the Auctioneer's Certificate.

Tax will be paid for in India. Tea tax and (in the case of all tea except that assigned to the War Office which is exempted from the payment of export duty) import duty will be paid by the Food Controller and should be included in the bill of cost. The delivery of the amount estimated for will be when it is equal monthly instalments on the basis of the following arrangements:—present, but, in any event, delivery in warehouse of the whole quantity will be taken and payment made on or before the 15th August. Producers will be responsible for warehouse charges and, likewise for one month after the date specified by the undersigned for the arrival of the tea at the warehouse, the undersigned paying warehouse charges for the period but not insurance charges, as no insurance will be effected on Government tea.

In order to enable the undersigned to conclude the contract with estates, the following information in respect of each estate controlled in India should be furnished to him without delay, on a form which will be supplied on application to the Collector of Customs, Madras:—
